What Happens at Enrollment?

Step 1 – Enroll through the link provided

Step 2 – Pharmacy Program will:

- Initiate a Welcome Call to enrollee and mail information about the Pharmacy Program
- Correspond with enrollee to verify income
- Coordinate with enrollee's doctor(s) regarding medication and obtaining prescription
- Provide contact information for questions and concerns

What Happens at Enrollment? (Cont.)

Step 3 – Once income is verified and doctor information is received, prescription is filled by manufacture, refills will be handled automatically

Note:

- Steps 2 & 3 can take up to 4-6 weeks to receive the first 90-day supply of medication
- First \$30 payment happens when Step 2 begins
- Subsequent \$30 payment deductions happen on the 5th day of the following month

What does the Pharmacy Program Cost?

- \$30 per month per medication
- No enrollment or application fees
- No tiers, co-pays or deductibles
- No other costs, fees or charges associated with prescription medication or pharmacy services

Who Benefits from this Pharmacy Program?

- Individuals on high deductible plans
- Employees with high deductibles
- People without insurance coverage who take medication
- Individuals with a Health Share plan
- Employers with lower income employees on high priced medication (potential for reduced claims associated with the group health plan)

Why use this Pharmacy Program?

- Set price of \$30 per medication per month
- No age limit
- No risk to enrollee
- Not a discount card
- Not an insurance plan
- Used as a supplement to existing insurance coverage

Additional Details

- Once determined that the Pharmacy Program can assist, the first payment is debited, allowing the Pharmacy Program to work with the enrollee
- After the initial payment is received, the monthly debit occurs on the 5th of each month
- Payment methods:
 - Debit or Credit Card with Visa, MasterCard, Discover or American Express logos

Additional Details – Cont.

- Medication typically delivered in 90-day supplies
- First delivery of medication typically arrives within 4-6 weeks from receipt of completed paperwork from the enrollee and their healthcare provider
- Refills arrive on set schedule so there is no lapse in ongoing therapy

Employer Interaction

- If they choose, an employer can pay the set price for medications on behalf of the qualifying employee
- Possibly provides cost savings for both employer and employee
- Suggestion: Offer the Pharmacy Program to all eligible employees (both current and new hires) to ensure that all have the opportunity to benefit from the program
- This Pharmacy Program is NOT an insurance product and does NOT impact the actuarial value and health plan discrimination rules
